MEMORANDUM FOR: Chairman, JPRC

SUBJECT : CIA Retirees who are Independent Contractors
with JPRS

REFERENCE :

1. Contract Personnel Division has completed its survey of the JPRS Independent Contractors who are CIA retirees. Fortunately none [redacted] exceeded the "90% of the difference" formula, one did come close. We have been advised by C/CPD/OP, that for the time being at least, we will not be required to obtain Director of Personnel approval prior to initiating a new contract or extending a present contract.

2. We have been instructed to monitor the earnings of the CIA retirees to insure they do not exceed the formula. I recommend that in early September each year JPRS advise this office of the names of those individuals who have received payment during the year. In turn we will verify the annuity figure and notify JPRS of the limit on the individual's earnings.

3. We have been asked to notify OP/Contract Personnel Division each time a new contract is written on a CIA retiree as well as when a contract on such an individual is cancelled. JPRS is asked to keep this office informed on these contracts.

4. A current list of JPRS Independent Contractors who are CIA retirees is attached.
